Cookie Policy

What are Cookies?

Cookies are small files of letters and numbers downloaded onto your computer or access device when you access certain websites. The use of cookies is standard on the internet and many websites use them to improve the user experience. There are different types of cookies (described further below). For more information about cookies and how they work see allaboutcookies.org

Which Cookies do you Agree to us Placing as a User of our Website?

This Cookie Policy explains how we use cookies when you visit and use our website (endux.co.uk, referred to in this policy as the "Site").

BY USING EnduX, YOU AGREE THAT WE CAN PLACE THE FOLLOWING TYPES OF COOKIES ON YOUR DEVICE :

Essential website cookies – These cookies make our Site work. These cookies are essential in order to enable you to move around our Site and use our features. Without these cookies, we would not be able to remember your previous actions, determine whether you are logged in, etc.

Performance and functionality cookies – These cookies improve the performance of our Site. These cookies collect information about how visitors use our Site, for instance which pages visitors go to most often, and if visitors get error messages from web pages. These cookies don't identify you personally. All information these cookies collect is aggregated and anonymous. These cookies enable us to manage errors and the performance and design of the Site.

Third party (analytics and customisation) cookies – Our Site may use tracking pixels from selected third party sites (i.e. Hubspot, Google Analytics and Adobe Analytics) to help us optimise our customer acquisition and tracking. This means that the third party may set their own cookies or similar technologies in your browser. We do not control the use of such cookies and in many instances have no access to the data collected by these third parties. Third party use of cookies is subject to their respective privacy policies.

How to Manage Cookies

You can manage cookies to a certain extent by amending and setting controls on your internet browser (e.g. via your “Preferences”). You should be able to:

- (a) block specific cookies (e.g. from third parties) or all cookies either across the web or from a particular website; and
- (b) receive notifications when cookies are set.
